The Practitioner Family Constellations Training is open to everyone who has completed our Foundation Training, or equivalent. We are always happy to welcome students who have done their foundation training elsewhere.

This Training will be taught using systemic principles in the context of group constellation work, and expanding on the principles laid out in the Foundation Training.

On this journey with us you will have the opportunity to

- learn in a small group
- receive personal support through one-to-one sessions
- practice family constellations through application of what has been taught
- experiential learning through time for your own development and personal work
- develop both personally and professionally

Aim

- deepening the understanding of the orders of love
- application of the orders of love and the systemic thinking in the context of group constellations
- to develop sound practitioners of this work
- to facilitate a personal and professional but most importantly enriching journey through our teaching

Why us?

- we are extremely passionate about systemic family constellations work
- we want to empower others by passing on what's been a transformative journey for ourselves, our families and our working life
- we are committed to a world that communicates from an open heart
- we come from a place of integrated family systems and it is our heart's desire to make this work more widely available
- we believe in learning in a small group, so we have enough time for attention to the individual

This course has been born out of a deep love for this work and a vision of life where we meet and communicate with people from the heart. Although this training is

deeply embedded in the knowledge that has been passed down to us through Bert Hellinger and all our other beautiful teachers, it has our own energy woven into it with the aim to support all of our participants to internalise the teachings and then create their own unique application thereof – one that expresses them as a unique human being.

Sandra Disteli (www.sandradisteli.ch) has been instrumental in developing this vision, and will be delivering her own take of this training in Switzerland.

Brief Training Overview

Based on our belief that being a good practitioner is about a combination of knowledge, skills and experience, the Practitioner Training will take participants through a journey covering the topics below.

Knowledge

- Trauma
- Symptoms and Illness patterns
- Adult Relationships, Couples and Intimacy
- Introduction to Organisational work
- Soul Purpose
- Victim and Perpetrator (incest, abuse)
- Working with different Types of constellations
- History matters: Racial and cultural implications
- Group fates

Skills

- Learning to understand, trust and work with a phenomenological approach
- Holding groups in a trusted and safe way
- Working with the Knowing Field
- The importance of communicating with the language that touches the soul
- Communicating without words and 'reading' constellations
- Moving into our heart space
- Venturing beyond the family into other fields

Experience

- A majority of the learning journey will be experiential, giving time to internalise the movements and orders of this work
- Just as Louise and Marilene bring different skills and experiences to the training, we value all the experiences that participants bring to their learning journey

This list is not exhaustive and all of the above will be passed on through a mixture of teaching, personal work, exercises and supervised practice.

Adaptability is so important and we thus allow ourselves the right to adjust the content of the course to meet the needs of the participants.

Venue

Depending on the regulations, we will meet in person or online. Most likely, there will be a mixture of the two.

Travelling to Bagshot

By car: Bagshot is well located for those travelling by car with access to the M3 (junction 3) and a 25-minute journey from the M4 (junction 10)

There is free parking outside the venue.

By Train: We are a 10-15-minute drive from Sunningdale station (direct line to London). There are taxis available at Sunningdale station (Atlas Cars).

Traveling from abroad: Bagshot is a 35-minute drive from London Heathrow (traffic permitting). A taxi journey costs about £35 (if you arrange pick up from Atlas Cars, our local taxi company on 0044 1344 874874).

Who are the facilitators?

The training will be facilitated by Marilene Metzler and Louise Nicholl. They trained together in Family Systemic Constellations with CSISS in London from 2007-2008 and have supported each other in their systemic constellation work ever since.

Marilene originally qualified as a homeopath in 1998. Alongside her private practice Marilene also worked as a lecturer, module leader and supervisor on the BSc(Hons) Homeopathy degree course at Thames Valley University.

Marilene's family first encountered family constellations in her childhood and she fell in love with the power of this work when she first attended a workshop in 2002. From then she attended regular workshops, but it was only in 2007 that she started formally training in it. Following 2 years of training, Marilene was the support practitioner for the CSC training for 3 years. Marilene has attended numerous workshops and training days with renowned practitioners in the UK and Switzerland. Filled with a deep yearning to pass this knowledge on, Marilene has worked towards the vision of this training program since the early 2018. For more details about Marilene see www.SOULUTIONSfocused.co.uk

Louise has worked in the NHS for 34 years where she worked as an Occupational Therapist in Mental Health (with adults, young people and children), and in the last 16 years as a clinical manager. Alongside this, Louise trained as a Play Therapist, developing an independent practice as a practitioner and supervisor. In early 2019 Louise left the NHS to develop her own private practice in coaching and constellations and has since been involved in this project.

In addition to the Family Constellations training Louise was also the support practitioner for the CSC training for 2 years. Her first contact with Constellations was through the Organisational Training (COLPI) with the Nowhere Foundation and she went on to use this approach extensively in her role as a manager and leader in the NHS. She has attended additional training and workshops in both family and organisational constellations and is passionate about using this approach in her personal and professional life.
